SUBJECT : **REPORT ON FOOD VENDORS MEDICAL SCREENING**

.....

In August this year, the Assembly contracted CLINILAB DIAGNOSTIC SERVICES, a private laboratory to medically screen food vendors in the Municipality.

The exercise which started on **5th August, 2025** came to an end on **24th September, 2025**

with **One Thousand, Seven Hundred and Fifty-Nine (1,759)** successfully screened.

Out of this number, **One Hundred and Fifty Four** representing **8.8%** were found to have one disease condition or the other. The affected vendors have been informed about their conditions. Consequently, after a vigorous counselling, the affected vendors have been made to cease vending foods to the general public. In addition to that, they are currently under medication. They will be re-tested after their medications to make sure that they are fully cured of their conditions. Officers assigned to various zonal councils are on the ground monitoring to make sure that the affected vendors strictly comply with this directives.

Thank you.
